Summary

MERN Stack Developer fresher with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing REST APIs, implementing CRUD operations, integrating frontend and backend services, and creating responsive user interfaces. Gained practical development experience through internships and projects, with working knowledge of Git, GitHub, Postman, and Mongoose.

Education

C. Abdul Hakeem College — Melvisharam, Tamil Nadu
Bachelor of Computer Applications (CGPA: 7/10) — *Jun. 2023 – May 2026*

Experience

Besant Technologies — Chennai, Tamil Nadu
MERN Stack Developer Intern — *2026*

- Developed web applications using HTML, CSS, JavaScript, React.js, Node.js, and Express.js.
- Built REST APIs and implemented CRUD operations using Node.js, Express.js, MongoDB, and Mongoose.
- Developed React applications using reusable components, Hooks, React Router, forms, and API integration.
- Tested REST APIs with Postman and worked with HTTP methods, JSON, request parameters, and API responses.

Nxt Gen Technology — Vellore, Tamil Nadu
Python Full Stack Developer Intern — *Jan. 2026 – Mar. 2026*

- Developed responsive web pages using HTML, CSS, JavaScript, and Python with MySQL database integration.
- Implemented CRUD operations, SQL queries, data validation, database design, and application debugging.
- Collaborated with mentors to implement application features and troubleshoot development issues.

Projects

Student Assignment Submission Portal | *React.js, Node.js, Express.js, MongoDB* — 2026

- Developed a full-stack student assignment submission portal using React.js, Node.js, Express.js, and MongoDB.
- Created REST APIs for submission management and integrated MongoDB using Mongoose.
- Tested APIs with Postman and implemented request handling, validation, and HTTP responses.

Airline Reservation System | *MySQL* — 2026

- Designed a normalized relational database with primary and foreign key relationships for airline reservations.
- Created SQL queries using JOINs, Views, Stored Procedures, Window Functions, and Aggregate Functions.
- Generated reports for bookings, passengers, flights, payments, and ticket management.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, React Hooks, React Router, Responsive Design

Backend: Node.js, Express.js, Python, REST APIs, Middleware, CRUD Operations, API Integration

Database: MongoDB, Mongoose, MySQL, SQL, Database Design

Tools: Git, GitHub, VS Code, Postman, MySQL Workbench, Chrome DevTools

Core Concepts: OOP, DBMS, HTTP Methods, JSON, Async/Await, Promises, Form Validation, Error Handling

Certifications

Python Full Stack Development — Nxt Gen Technology
Internship Certificate — *2026*

SQL — HackerRank
Skills Certification — *Credential*
